

# COP30 outcomes and UNEP's PoW

---

---

29 January 2026

## *COP30 - Global Implementation Accelerator*

### **UNEP PoW:**

- Continue with NDC support, focus on implementation
- Focus on Methane emission reductions through IMEO

## *COP30 - Belém Mission to 1.5°C*

### **UNEP PoW:**

- Implementation of climate mitigation programme, including action at sub-national level
- Expanding UNEP's portfolio on climate action in cities

## *COP30 – triple adaptation finance by 2035*

### **UNEP PoW:**

- Implementation of climate adaptation programme showing that adaptation investments yield results

## Art. 6: Carbon Markets

*COP30 - Decisions adopted on cooperative approaches and Crediting Mechanism*

### **UNEP PoW:**

- Capacity building and technical assistance to countries on carbon markets through UNEP's Carbon Market cluster

## Art. 10: Technology

*COP30 - Hosting arrangement for CTCN through a bidding process*

### **UNEP PoW:**

- Continue implementing CTCN activities and showcasing results
- UNEP submission of a proposal for renewed hosting arrangement

## Art. 7: Adaptation

### *COP30 - Adoption of Belém Adaptation Indicators*

#### **UNEP PoW:**

- Continue implementing adaptation projects that deliver multiple benefits
- Improving methodologies for measuring adaptation impacts

## Art. 8: Loss and Damage

### *COP30 - Launch of Fund for responding to Loss and Damage (FRLD)*

#### **UNEP PoW:**

- Covering L&D as part of the Adaptation Gap Report
- Technical Assistance for preparing funding proposals
- Working with partners to develop methodologies for assessing losses and damages

## *COP30 - Support for Biennial Transparency Reports*

### **UNEP PoW:**

- Continue support to BTR process
- Continue to support countries in accessing and implementing CBIT project
