

Excellency,

29th May 2025

I have the honour to refer to my [letter dated 27 March 2025](#), circulating a zero draft of the ministerial declaration of the seventh session of the United Nations Environment Assembly (UNEA-7).

I wish to thank the Member States and observers, including the major groups and stakeholders, for their valuable inputs to the zero draft ministerial declaration and for the written inputs and comments made during the first intergovernmental consultation held on 15 April 2025. These inputs and comments guided my team and me in preparing the **first draft** of the ministerial declaration.

In this regard, I also have the honour to circulate the first draft of the ministerial declaration of UNEA-7 and invite all Member States and observers, including the major groups and stakeholders, to the second intergovernmental consultations to be held on **Monday, 16 June 2025, from 14:00 to 17:00 (Nairobi time - GMT+3)** at the United Nations Office at Nairobi, in Conference Room 4 and online through this [link](#). The second intergovernmental consultations will allow the Presidency to hear your comments and reflections on the first draft. **I would like to emphasize the importance of the engagement of UNEA focal points in the intergovernmental consultations, particularly from Member States not represented in Nairobi.**

I further have the honour to invite Member States and observers to provide written comments on the first draft by **Monday, 30 June 2025**, to the secretariat of the United Nations Environment Programme. All written comments received will be made available online on the UNEA-7 website under the "[Documents & Resources](#)" tab ([Inputs to the Ministerial Declaration](#)).

I look forward to your engagement in this important process.

Please accept, Excellency, the assurances of my highest consideration.

H. E. Mr. Abdullah Bin Ali Al-Amri
President of the United Nations Environment
Assembly

To:
Ministers responsible for the Environment
Members of the Committee of Permanent Representatives
