Contact Group 1: Operating Principles

12/12/23 6:30-8:10PM

Homework for colleagues from co-facilitators:
Consider:
Can the remaining elements presented below be incorporated through textual amendments to existing principles in UNEP/SPP-CWP/OEWG.2/INF/10 or other part of documents? Or do they need to be stand-alone principles?

Clustering and review of suggested list of missing elements of the operating principle

Clusters used for organizing proposals:

A: relates to the panel's **scope and objective** (why establish the panel)
B: relates to the panel's **functions** (what will the panel deliver)
C: relates to the panel's **modalities of work** (how will the panel carry out its work)
D: relates to the panel's **composition** (who will participate in the panel)
E: relates to the **core concepts** (what important ideas will carry across the panel's work)
