Plastic Pollution INC Secretariat

Reference: Not-INC-2026-0075 22 September 2026

Dear Sir/Madam,

Reference is made to the notification dated 12 September 2026 regarding the visa applications and entry requirements for Thailand for delegates attending the second informal in-person meeting of Heads of Delegation (HODs) to the INC, scheduled to take place from 27 to 30 September 2026 at the United Nations Conference Centre in Bangkok.

In this regard, all registered delegates attending the second informal in-person HODs meeting are kindly reminded to complete the required **Thailand Digital Arrival Card (TDAC)** prior to their arrival in Thailand.

The TDAC must be submitted online within three days prior to arrival in Thailand, including the date of arrival. To complete the TDAC, please visit the official website: https://tdac.immigration.go.th. For further guidance please refer to the User's Guide for Completing the Thailand Digital Arrival Card.

We encourage all delegates to complete this requirement within the prescribed period to avoid any inconvenience upon arrival in Thailand.

In addition, delegates who are nationals of, or who have travelled from or through countries designated as yellow fever–infected areas **must report to the Airport Health Control Counter upon arrival in Thailand**. They will be required to present an International Certificate of Vaccination confirming that they have received a valid yellow fever vaccination **before proceeding to Immigration/Passport Control**.

The vaccination must have been administered at least 10 days before travel. Before travelling to Thailand, affected participants are strongly encouraged to register their yellow fever vaccination certificate through the https://thaihealthpass.com

Delegates are also strongly encouraged to carefully review the following information on visa applications and entry requirements for Thailand.

Yours sincerely,

*Signed*

The INC Secretariat
