

Shlenskaia Vladislava

Birthday: 25/04/1993

Residence: Russia, Moscow

E-mail: v.shlenskaya@ciscenter.org

Objective: To join Bureau of the Intergovernmental Science-Policy Panel on Chemicals, Waste and Pollution (ISP-CWP).

General information

Senior specialist in international chemicals and waste management with a strong background in regulatory analysis, analytical support for policy development, and multistakeholder engagement. Experienced in aligning national legislation with global frameworks such as the Strategic Approach to International Chemicals Management (SAICM), the Global Frameworks on Chemicals (GFC), and the newly established Intergovernmental Science-Policy Panel on Chemicals, Waste and Pollution (ISP-CWP). Provides analytical input for policy development, contributes to national monitoring of progress, and fosters cooperation among government bodies of Russian Federation, industry, and academia.

Previously worked as a Pharmaceutical Manufacturing Lead, managing the production of non-sterile solid and liquid pharmaceutical forms, overseeing personnel, documentation, and equipment readiness while ensuring strict adherence to SOPs, GMP, QMS requirements, and safety and quality standards.

Education

- Certificate of Advanced Training, General Provisions of Documents Ensuring the Implementation of the Technical Regulation of the Eurasian Economic Union «On the Safety of Chemical Products» (TR EAEU 041/2017), Academy of Standardization, Metrology and Certification (Moscow, Russia), 16 hours, July 10–11, 2024.
- Certificate of Advanced Training, Technical Regulation of the Eurasian Economic Union «On the Safety of Chemical Products» (TR EAEU 041/2017): General Provisions and Requirements, Academy of Standardization, Metrology and Certification (Moscow, Russia), 24 hours, April 15–17, 2024.
- Master's Degree, Chemical Technology of Pharmaceutical and Cosmetic Products Mendeleev University of Chemical Technology of Russia, 2017.
- Bachelor's Degree, Chemical Technology of Pharmaceutical and Cosmetic Products Mendeleev University of Chemical Technology of Russia, 2015.

Work Experience

09.01.2025 – Present, Association «Non-profit Partnership Coordinating Informational Center of CIS member states on approximation of regulatory practices», Moscow, Senior Specialist of International Branch of Chemical Safety Department

- Lead analytical support for the adaptation and application of global approaches in the chemical industry within the GFC.
- Coordinate and participate in national coordination groups on chemical safety initiatives, ensuring alignment of Russian regulatory practices with international requirements.
- Prepare analytical reports, industry reviews, and expert materials on chemical safety and regulatory compliance; conduct research on international best practices and facilitate their integration into national legislation.
- Secretariat of the National Focal Point for the GFC in the Russian Federation, coordinating communication with the UNEP Secretariat and domestic stakeholders.
- Represent the Russian Federation as part of the national delegation at key international events, including the OEWG 1.0 and OEWG 3.2 (Punta del Este, 2025).
- Participation in the development of regulatory mechanisms for chemical products in the Russian Federation and the Eurasian Economic Union.

01.03.2023 – 09.01.2025, Association «Non-profit Partnership Coordinating Informational Center of CIS member states on approximation of regulatory practices», Moscow, Specialist of International Branch of Chemical Safety Department

- Supported national implementation of SAICM and preparatory work for the GFC by conducting research on international best practices and recommendations.
- Assisted in preparing coordinated national positions and technical materials for international negotiations and meetings.
- Develop Safety Data Sheets (SDS) for chemical substances to ensure compliance with hazard assessment requirements under the Globally Harmonized System (GHS).
- Participated in international workshops, webinars, and conferences to promote knowledge exchange and cooperation in chemical management.
- Participated in preparation of Report on progress in the implementation of the Strategic Approach by the Russian Federation during the period of 2020-2022.

Selected International Engagements

- Participation in preparation for ICCM-5, Bonn, 2023.
- Participant, Open-Ended Working Group (OEWG) on the Science-Policy Panel to contribute further to the sound management of chemicals and waste and to prevent pollution – Session 3.1, Geneva, 2024.
- Participant, OEWG on the Science-Policy Panel – Resumed Session 3.2, Punta del Este, Uruguay, 2025.
- Participant in GFC Open-Ended Working Group (Uruguay 2025) and related UNEP sessions.
- Contributor to national comments on GFC documents, including the draft Guidance for National Focal Points, the operational documents of the Global Alliance on Highly Hazardous Pesticides (HHP), the measurability structure, and the implementation programmes.
