

Joint meeting of the Bureaux of the United Nations Environment Assembly
and the Committee of Permanent Representatives
3 July 2025
Online meeting

Agenda item 2 (d): Leadership and multistakeholder dialogues

This note, entitled "*Multistakeholder dialogue of the seventh session of the United Nations Environment Assembly*", has been developed by the Secretariat for the consideration of and possible guidance by the Bureaux of the United Nations Environment Assembly and the Committee of Permanent Representatives, under agenda item 2 (d) (Leadership and multistakeholder dialogues), at the joint meeting of the Bureaux of the UN Environment Assembly and the Committee of Permanent Representatives, to be held online on 3 July 2025. The note contains a concept note for the multistakeholder dialogue.

Multistakeholder Dialogue of the seventh session of the United Nations Environment Assembly

Resilience through inclusive partnerships: Catalyzing solutions across sectors

Thursday, 11 December 2025, 4:30 to 6:00 p.m.
Conference Room 1, UNON, Nairobi

Introduction

- A Multistakeholder Dialogue will be held on Thursday, 11 December 2025, from 4:30 to 6:00 p.m., during the high-level segment of the United Nations Environment Assembly, pursuant to Governing Council decision 27/2 in which the Governing Council decided that the high-level segment of the Environment Assembly should organize a multi-stakeholder dialogue.
- The dialogue to be held under the theme “Resilience through inclusive partnerships: Catalyzing solutions across sectors” will aim to explore how inclusive, cross-sectoral partnerships can catalyze solutions across sectors and drive resilience and sustainability.
- It will bring together representatives of Member States, international organizations and the Major Groups and Stakeholders.

Scope and interlinkage

- This dialogue will focus on how inclusive partnerships – across sectors and from the grassroots level – can drive practical solutions to address environmental challenges.
- It will consider how local/regional action can be scaled up as well as share good practices and practical sustainable solutions by the Major Groups and Stakeholders and how these can influence policy and strengthen accountability, with the goal of contributing towards a resilient planet.

Format

The dialogue will be facilitated by a moderator, and it will be designed to foster inclusive, interactive and solution-oriented exchange among the participants through a fire side chat, a panel discussion and an open floor dialogue.

Guiding questions

1. How can local/regional best practices and successful actions by the Major Groups and other Stakeholders be harnessed and scaled up to enhance resilience?
2. How can inclusive, cross-sectoral partnerships, particularly those involving the Major Groups and Stakeholders, be designed and scaled to enhance resilience and accelerate sustainable solutions?
3. What strategic roles can the Major Groups and Stakeholders play in fostering synergies and enhancing cooperation for the effective implementation of multilateral environmental agreements, the 2030 Agenda and other relevant environmental instruments?

Expected outcomes and call for action

The dialogue is expected to come up with actionable recommendations, including practical proposals to scale up and catalyze solutions, through inclusive and cross-sectoral partnerships.
