Subject: Participation of Environmental Management Agency of Zimbabwe in the UNEP Global Mercury Partnership

Dear Mr. Chikurira,

On behalf of the United Nations Environment Programme, I would like to sincerely thank you for your registration indicating the support of the Environmental Management Agency of Zimbabwe to the UNEP Global Mercury Partnership and its interest in becoming a partner. It is with great pleasure that I hereby confirm the membership of your organization to the Partnership.

The overall goal of the Partnership is to "protect human health and the global environment from the releases of mercury and its compounds by minimizing and, where feasible, ultimately eliminating global, anthropogenic mercury releases to air, water and land". Please do not hesitate to inform the Secretariat and the leads of Partnership areas on a regular basis of the activities and achievements of your organization that contribute to this goal. Amongst others, the Partnership features partners' initiatives and successes, as well as shares resources, including good practices, to catalyze action between partners.

Please find the [Overarching Framework for the Partnership](https://www.unep.org/globalmercurypartnership) which provides information on its work and functioning. The business Plans for each Partnership area may be found on the website of the Partnership at: www.unep.org/globalmercurypartnership.

The information you filled in on the registration form will be made available on the website of the Partnership and the leads of the Partnership areas in which you expressed interest will be notified of your membership.

I look forward to our cooperation in the context of the Partnership and thank you for your commitment to protecting human health and the environment from the harmful effects of mercury.

Yours sincerely,

Mihaela
Claudia Paun
