12<sup>th</sup> Meeting of the Ecosystem Approach Coordination Group

Athens, Greece, 15 September 2025

## **Agenda Item 2: Organizational Matters**

### **Provisional List of Documents**

For environmental and cost-saving reasons, this document is printed in a limited number. Delegates are kindly requested to bring their copies to meetings and not to request additional copies.

## Provisional List of Documents

### Working Documents

|                         |                                                                                                                                                                                                                                 |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UNEP/MED WG.630/1/Rev.1 | Provisional Agenda                                                                                                                                                                                                              |
| UNEP/MED WG.630/2       | Provisional Annotated Agenda                                                                                                                                                                                                    |
| UNEP/MED WG.630/3       | Ecosystem Approach (EcAp) Policy and Roadmap for the Mediterranean (2026-2035)                                                                                                                                                  |
| UNEP/MED WG.630/4       | Integrated Monitoring and Assessment Programme for the Mediterranean Sea and Coast (IMAP) (Third Cycle)                                                                                                                         |
| UNEP/MED WG.630/5       | Elements for a draft Decision on the Upgraded Ecosystem Approach and Integrated Monitoring and Assessment Programme for the Mediterranean Sea and Coast, from the Ecosystem Approach Coordination Group to the MAP Focal Points |
| UNEP/MED WG.630/6       | Updated Guidance Factsheets for IMAP Common Indicators 13,14, 17, 18, 20, and 21                                                                                                                                                |
| UNEP/MED WG.630/7       | Updated Guidance Factsheets for IMAP Candidate Common Indicators 26 and 27                                                                                                                                                      |
| UNEP/MED WG.630/8       | Updated Guidance Factsheets for Common Indicators 15 and 16                                                                                                                                                                     |
| UNEP/MED WG.630/9       | Guidance Factsheet for Common Indicator 25                                                                                                                                                                                      |
| UNEP/MED WG.630/10      | Updated Reference List of Species and Habitats, Assessment Criteria and Scales, Threshold Values, Baseline Values for Biodiversity and Non-Indigenous Species                                                                   |
| UNEP/MED WG.630/11      | Report of the Meeting                                                                                                                                                                                                           |

### Information Documents

|                       |                                                                                                                                                             |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UNEP/MED WG.630/Inf.1 | Provisional List of Documents                                                                                                                               |
| UNEP/MED WG.630/Inf.2 | Provisional List of Participants ( <i>to be issued after the meeting</i> )                                                                                  |
| UNEP/MED WG.630/Inf.3 | Report of the 11 <sup>th</sup> Meeting of the Ecosystem Approach Coordination Group                                                                         |
| UNEP/MED WG.630/Inf.4 | Report of the Joint Meeting of the Ecosystem Approach Correspondence Groups on Pollution and Marine Litter Monitoring (Anavyssos, Greece, 27 - 28 May 2025) |
| UNEP/MED WG.630/Inf.5 | Report of the Ecosystem Approach Correspondence Groups on Marine Litter Monitoring (Videoconference, 29 January 2025)                                       |
| UNEP/MED WG.630/Inf.6 | Report of the Ecosystem Approach Correspondence Groups on Pollution Monitoring (Videoconference, 30 January 2025)                                           |
| UNEP/MED WG.630/Inf.7 | Draft Assessment Methodologies, Assessment Criteria and Thresholds for Biodiversity Common Indicators CI1 and CI2.                                          |
| UNEP/MED WG.630/Inf.8 | Report of the Meeting of the Ecosystem Approach Correspondence Group on Monitoring (CORMON), Biodiversity and Fisheries (Videoconference, 6-7 June 2024)    |
| UNEP/MED WG.630/Inf.9 | Report of the Meeting of the Ecosystem Approach Correspondence Group on Monitoring (CORMON), Biodiversity and Fisheries (Athens, Greece, 7-8 April 2025)    |

|                        |                                                                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| UNEP/MED WG.630/Inf.10 | Report of the Meeting of the Ecosystem Approach Correspondence Group on Monitoring (CORMON) Coast and Hydrography (Videoconference, 17 October 2024) |
| UNEP/MED WG.630/Inf.11 | Draft EcAp Ecological Objective 6 on Sea-Floor Integrity under the Barcelona Convention.                                                             |
| UNEP/MED G.630/Inf.12  | Baseline Values (BV) and Threshold Values (TV) for IMAP Candidate Indicator 24                                                                       |
