Subprogramme Portfolio insights-2024

Total portfolio

USD 1,12 billion

Number of projects

366

Number of Countries under implementation

160

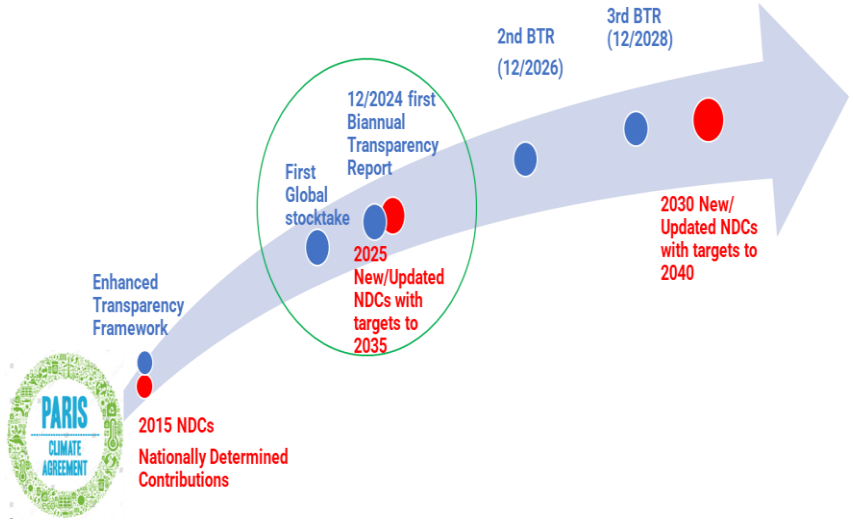
Overview of beneficiaries

- **Consensus on science**
- **Transparency & trust**
- **+5 million beneficiaries supported by adaptation & mitigation portfolio**

Fully achieving 2024 targets

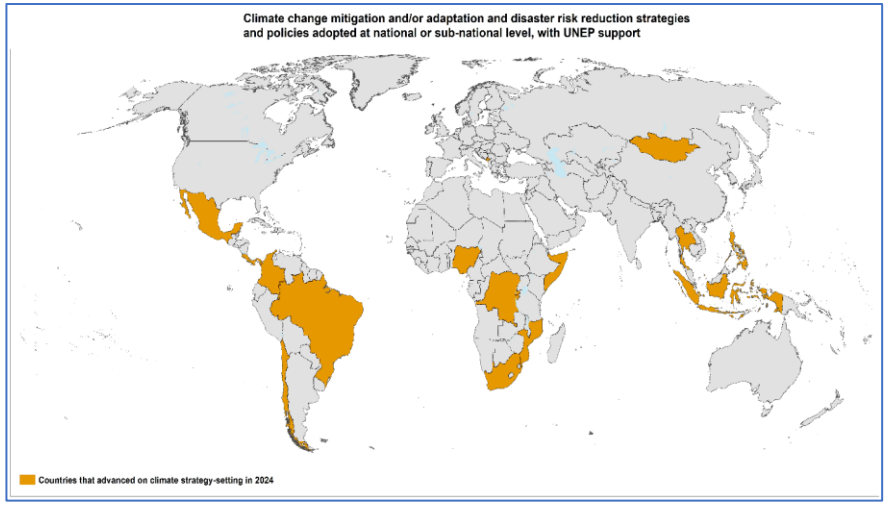
Science & Transparency

- 37 countries prepared and submitted 49 reports to UNFCCC



Climate Strategies

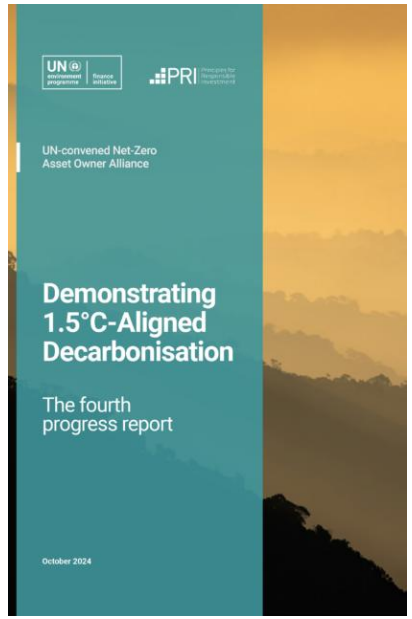
- 24 national/sub-national plans



Disclaimer: The boundaries and names shown, and the designations used on this map do not imply official endorsement or acceptance by the United Nations

Catalyzed climate finance

- 165 million in project funding
- 175 billion under low carbon mandates



Methane

Methane data & monitoring

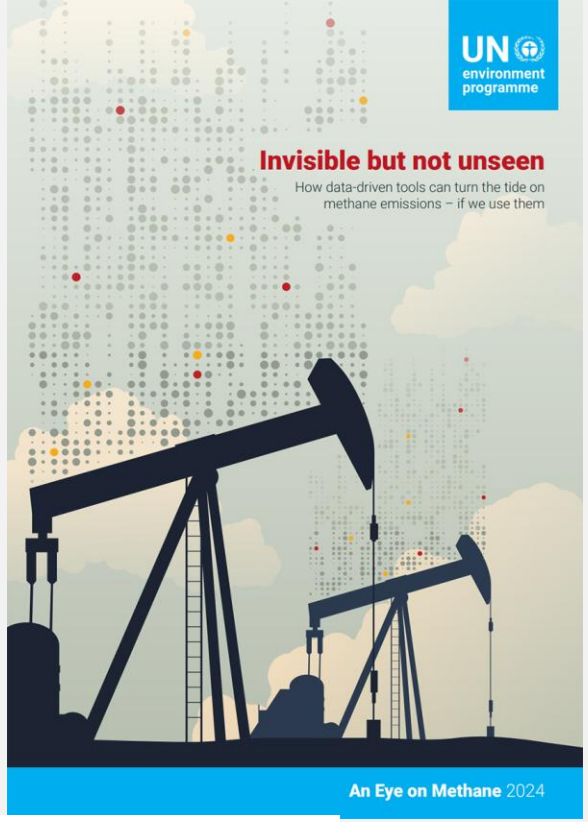
- Eye on Methane
- 1719 alerts, 29 Governments

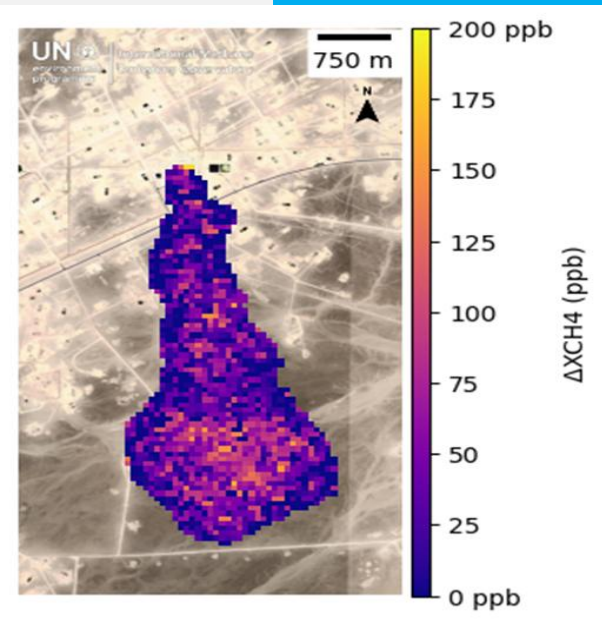
Industry and Government engagement

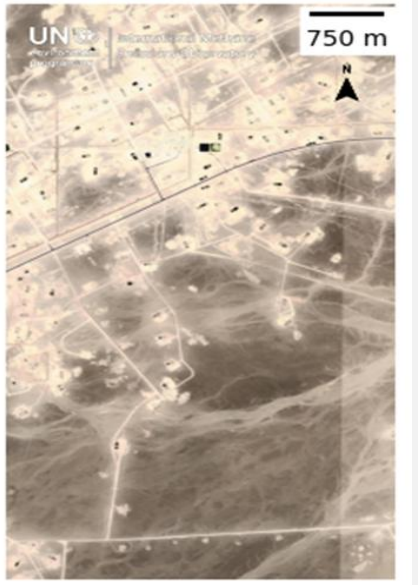
- Global Methane Pledges
- Strategy setting in 5 countries

Finance

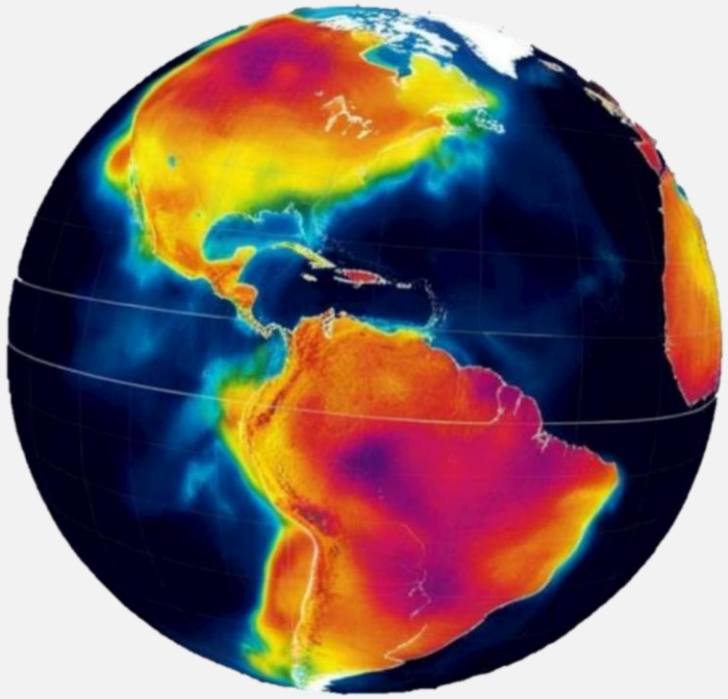
- No or low-cost interventions
- Loss of commercial product







Challenges, lessons learned, and actions taken



Collective ambition in NDCs and sectoral strategies is not closing gap.

Adaptation must prepare for +2.5-degree warmer world.

UN-wide engagement with government, renewed focus on opportunities.

Analytics (Emissions Gap Report and UNFCCC Synthesis Report)

Next Steps

MTS/PoW

- Digital solutions for transparency
- Investments and implementation

Win-Win-Win

- Dedicated focus and fund raising for climate/nature/pollution action
