SELECTION CRITERIA AND METHOD OF NOMINATION OF CANDIDATES REPRESENTING NEW CATEGORIES OF MCSD MEMBERS

Background

This document is guided by the decisions made by the 15th Meeting of the Contracting Parties (Almeria, Spain, 15-18 January 2008), particularly those contained in the Governance Paper that concern the MCSD composition (Decision IG 17/4).

The MCSD is a forum for debate and exchange of experience on sustainable development issues that concern all interested parties in the Mediterranean region. It would therefore be appropriate to involve the greatest possible variety of national actors in the work of the Commission, so as to ensure the widest possible dissemination of the concepts promoted by the MCSD.

In addition to representatives of the Contracting Parties, local authorities, non-governmental organizations (NGOs) and socio-economic stakeholders, three new categories have been agreed upon, representing:

- the scientific community;
- intergovernmental organizations working in the field of sustainable development;
- eminent experts specializing in the topics on the MCSD meeting agenda.

In order to implement the decision, the Contracting Parties requested the Secretariat to propose to the Bureau of the Contracting Parties for approval, following prior consultation with the MAP Focal Points and MCSD members, the criteria and procedures for the selection of the MCSD members from the academic and scientific community, the intergovernmental organizations and eminent experts as provided for in the Governance Paper.

As indicated in the Almeria report, in determining the proposed criteria and procedures for the selection of representatives of the new categories, efforts should be made to ensure participation of representatives from both the environmental and the development sectors related to the topics on the agenda of each meeting of the MCSD, and also to ensure appropriate geographical representation, and media participation, as requested by the Contracting Parties.

1. Criteria

General criteria

- *Have a broad vision and a Mediterranean focus;*
- *Represent or be an active member of a national or Mediterranean network or knowledge community;*
- *Have relevant expertise in issues of importance to the MCSD, including priority areas and cross-cutting issues;*
- *Be active in the field of sustainable development;*

- *Be willing to share and exchange with other members their expertise and experience, on the occasion of MCSD meetings and during intersessional periods (e.g. through contribution to specific working groups);*
- *Be willing to engage in MSSD implementation in their domain of influence;*
- *Have an explicit interest and effective involvement in Mediterranean activities.*

Specific criteria for the scientific community

- *Be the author of a significant list of publications in domains that are relevant to the MCSD work programme and MSSD priority areas of action: energy and climate change; information and communication; integrated coastal management; management of water demand, marine pollution; sustainable development indicators; sustainable tourism; sustainable agriculture; urban development;*
- *Be familiar with the MAP programme of work and activities;*
- *Be familiar with the Barcelona system;*
- *Have contributed or contribute consistently to increased understanding of environmental, social or economic issues at stake in the region through collaborative action-oriented research or teaching.*

Specific criteria for intergovernmental organizations working in the field of sustainable development

- *Be engaged in significant regional or country-level programmes of relevance to the MCSD work programme and MSSD priority areas of action;*
- *Be involved in regional or subregional cooperation frameworks, facilities, policies or financial mechanisms.*

Specific criteria for eminent experts

- *be distinguished Mediterranean personalities recognized in the environmental, social or economic domains;*
- *have recognized policy influence at the regional or country level;*
- *entertain connections with decision makers and policy leaders.*

2. Methods of nomination

In the selection process for the categories "scientific community" and "eminent expert", the principle of balanced geographical representation between the North, South, East and West will be carefully respected.

Scientific community

The representatives of the scientific community will be selected on the basis of proposals made by the MAP components and partners that transmit the candidatures to the Secretariat of MAP. Spontaneous candidatures may also be solicited and considered by the Secretariat.

Intergovernmental organizations

The representatives of the intergovernmental organizations will be selected through proposals made by the Secretariat of MAP that will solicit candidatures directly.

Eminent experts

Cooptation will be encouraged among the Contracting Parties. Expressions of interest will be solicited directly by the MAP Secretariat.
