A. Background

1. **Resolutions** are the formal expression of the opinion or will of the United Nations Environment Assembly (UNEA). They reflect the views of the Member States and provide policy recommendations. **Decisions** are another type of formal action taken by UNEA and often concern procedural matters such as elections, appointments, time and place of future sessions and budgetary and administrative matters.
2. All resolutions/decisions adopted by UNEA constitute a mandate for the Secretariat.
3. Draft resolutions and decisions can be submitted by Member States and members of specialized agencies (rule 68¹), the President of the Environment Assembly (e.g. the draft ministerial declaration), or the Chair of the Committee of Permanent Representatives (CPR) (e.g. following conclusion of consultations in the Open-ended CPR). When a group of Member States tables a draft resolution/decision, it is usually done by the group's chair on behalf of the group. As per established practice of the Environment Assembly, the European Union may table draft resolutions/decisions as agreed by the States members of the European Union.
4. This note outlines guidance to Member States on the submission of draft resolutions and decisions to the seventh session of the United Nations Environment Assembly (UNEA-7), to be held from 8 to 12 December 2025. It builds on:
 - a) [UNEA rules of procedure](#) (in particular rule 44);
 - b) Guidance provided in [UNEA decision 6/7](#) (paragraph 6);
 - c) Outcome of the [CPR-based review](#) as endorsed at UNEA-5.2 in [UNEA decision 5/4](#);
 - d) Annex to the Committee of Permanent Representatives (CPR) [Decision 167/1](#) containing the recommendations of the CPR at its 167th meeting on lessons learned from the sixth session of the United Nations Environment Assembly (UNEA-6);
 - e) [Previous guidance](#) issued by the UNEA Bureau; and
 - f) Best practice.

¹ Any State Member of the United Nations or member of a specialized agency or of the International Atomic Energy Agency which is not a member of the United Nations Environment Assembly may participate in the deliberations of the United Nations Environment Assembly. Any State thus participating shall not have the right to vote, but may submit proposals which may be put to the vote by request of any member of the United Nations Environment Assembly.

B. Existing guidelines

5. The relevant paragraphs in UNEA decisions 5/4 and 6/7, the outcome of the CPR- based review, and the Annex to CPR Decision 167/1 are set out in **Annex 1** to the present document.

C. Glossary and Terminology

6. Information on specific aspects of UNEA meetings and procedures terminology as well as on specific aspects of United Nations terminology is set out in **Annex 2** to the present document.

D. Key elements to be considered before the announcement and submission of drafts resolutions/decisions

7. Proponents are encouraged by the UNEA and CPR Bureaux to take due account of the following prior to announcing their intention to submit or submitting a draft resolution/decision for consideration by UNEA-7:

i. Report of the Executive Director to UNEA-7

8. The report of the Executive Director of the United Nations Environment Programme (UNEP) to UNEA-7 is available on the following [link](#). In her report, the Executive Director identified 5 areas which may inform Member States in their preparation of draft resolutions/decisions for UNEA-7 and where UNEA-7 may wish to compel more effective, inclusive and sustainable multilateral action:

- Addressing the global hydrological cycle;
- Tackling nutrient pollution;
- Critical Energy and Digital Transition Minerals;
- Protecting the Earth's shield by protecting the stratosphere; and
- Deploying and scaling environmentally sustainable Artificial Intelligence

ii. Documentation to UNEA-7

9. In addition, a list of working and information documents to UNEA-7 (pre-session documents) are available on the following link: <https://www.unep.org/environmentassembly/unea7/documents-resources/meeting-documents> and may inform Member States in their preparation of possible draft resolutions/decisions for UNEA-7.

10. It is expected that “advance unedited” English versions of these working documents will be made available to delegations in advance of the 12th annual subcommittee meeting of the CPR to be held from 1 to 5 September 2025.

iii. On-line searchable repository of past resolutions/decisions previously adopted by the Governing Council and by UNEA

11. As mandated in the CPR decision 167/1, the Secretariat has created an online searchable repository of resolutions and decisions adopted by the Environment Assembly and the Governing Council. The repository can be filtered by name of the session, year of the session or type of document. It is also possible to search for key words in the title of the resolutions and decisions. To avoid overlap and duplication of existing work and mandates from previously adopted resolutions/decisions, proponents are encouraged to consult the on-line searchable repository
<https://www.unep.org/environmentassembly/documents-and-resolutions>

iv. Focus and format of draft resolutions/decisions

12. The UNEA and CPR Bureaux recommends that draft resolutions and decisions for consideration by UNEA-7:
- a. Focus on ² :
 - New guidance to UNEP and/or invitations to United Nations system bodies;
 - New commitments of Member States;
 - Definition of a new global concept;
 - Addressing an emerging issue or an urgent matter.
 - b. Be in a concise, focused and action-oriented form, in particular as regards the preambular part, and focus more on action-oriented operative paragraphs, in order to ensure that resolutions have greater political impact.
13. The UNEA and CPR Bureaux also recommends that proponents use **the template and suggested format** for draft resolutions/decisions as set out in **Annex 3** to the present document.

² Subparagraph 11 (a) of the Annex to Decision 167/1 on recommendations of the CPR at its 167th meeting on lessons learned from UNEA-6

V. Informal engagement with the Secretariat prior to the announcement and submission

14. In line with paragraph 10 of the Annex to CPR decision 167/1, main proponents are strongly encouraged to **engage informally with the secretariat before the submission of any draft resolution** to facilitate possible technical improvements of draft resolutions, including to avoid overlap and duplication of existing work and to send request for support through the following email address: unep-unearesolutions@un.org. The secretariat will be available for the provision of technical and legal advice including on existing UNEP mandates and programme of work, resolutions adopted by the Environment Assembly or other relevant decision-making bodies.

vi. Consolidation of proposals

15. Further to the recommendations contained in the CPR-based review (para. 13 (b)) and the Annex to CPR decision 167/1 (para. 8):
- Member States are encouraged to **engage with each other** if delegations indicate their intention to submit draft resolutions on a same or similar topic, **to foster collaboration, co-sponsorship, consolidation of the proposals, avoiding duplication of work.**
 - Member States are encouraged to consolidate proposals for draft resolutions and draft decisions aiming to strengthen or follow up on the implementation of resolutions previously adopted by the Environment Assembly **into a single draft resolution or decision for each Environment Assembly session.**

E. Timeline for the submission of draft resolutions and decisions

16. Without prejudice to the UNEA rules of procedure, in particular rule 44, and taking into account the guidelines outlined above, the UNEA-7 Bureau invites Member States to apply the following timelines for the submission of draft resolutions and decisions for consideration by UNEA-7:

Dates and deadlines	Key steps
July-September 2025	• To allow for an early exchange of views, delegations are strongly encouraged to organize informal meetings, which can be held in a hybrid format, to discuss the proposed topic on which a draft is to be submitted.

³ Subparagraph 11 a) of the Annex to CPR decision 167/1 on lessons learned from the sixth session of the United Nations Environment Assembly

	a. New guidance to UNEP and/or invitations to United Nations system bodies; b. New commitments of Member States; c. Definition of a new global concept; d. Addressing an emerging issue or an urgent matter; e. Information on already agreed language; f. Linkage to the UNEA theme and UNEP's programme of work. • In line with subparagraph 11 (b) of the Annex to CPR decision 167/1, proponents should identify focal points who can make themselves available, preferably in person, at the annual subcommittee meeting of the CPR and at the Open-ended CPR.
W12 September 2025 (12 Weeks in advance of UNEA-7 as indicated in the CPR-based review	• Recommended final deadline for announcing the intention to submit a draft resolution or decision (as referred to in subparagraph 13 (e) (i) of the CPR-based review), in line with the requirements listed above. • Draft resolutions or decisions may also be submitted in full, if ready. <i>Additional information on the procedure for submission is provided below.</i>

(i) **Wording of resolutions**

- Generally speaking, a body usually “welcomes” an event or report at its first session subsequent to the event or issuance of the report and thereafter “recalls” the event or report.
- Similarly, the General Assembly or other organ “takes note” when the object is a report, a statement, or a decision taken by another body, which is being brought to its attention for the first time.
- **Personification.** A resolution or report does not decide/recommend/launch /convene/extend a mandate, etc, it is the author or body adopting the resolution or report who takes the action.
Example:
“UNEA resolution 6/14 requested the Executive Director to report...” should be changed to read “The United Nations Environment Assembly, in its resolution 6/14, requested the Executive Director to report...”
- **Takes note/notes.** In general, “takes note” is used when the object is a report, statement or decision. “Notes” is used in the sense of “observes”.
- **A body should not take note of or welcome its own past decision.** More appropriate verb, such as “recalls” or “reaffirms”, should be used.
- **Reiterates.** If UNEA uses the term “reiterating” or “reiterates” in a preambular or operative paragraph, it means that the Assembly is repeating something it has said in a previous resolution. If no such previous text can be found, a more appropriate verb such as “affirms” or “stresses” or “emphasizes” can be used.
- Special care must be taken, in drafting and editing resolutions, to ensure accuracy in terminology, particularly in the designation of persons, offices, bodies, organizations, titles of legal instruments, and the like.
- Names of organs, organizations, offices, and the like, must be given in full.
