One Planet

SDG 12.1.1 Pilot Reporting & country needs assessment Webinar

*In preparation for the High-Level Political Forum on
Sustainable Development 2018*

July 2018

Session outline

- 1. Introduction**
- 2. SDG 12.1.1 Pilot reporting results and country needs assessment**
- 3. One Plan for One Planet: 5 year strategy 2018 – 2022**
- 4. Outreach opportunities in the context of HLPF 2018**
- 5. Question and Answer / Discussion**

National SCP policies under SDG 12

SDG 12: *Ensure Sustainable Consumption and Production Patterns*

Target 12.1: *Implement the 10-year framework of programmes on sustainable consumption and production, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries*

Success indicator: *Number of countries with sustainable consumption and production (SCP) national action plans or SCP mainstreamed as a priority or a target into national policies**

Why a pilot reporting?

- Piloting the methodology for SDG 12.1.1 and provide reference data for the [official UN Secretary General's Report on the SDGs](#)
- Inform the 10YFP mid-term review and the development of the [Strategy 2018-2022 'One Plan for One Planet'](#)
- Supporting 10YFP actors and stakeholders in:
 - Reporting, demonstrating, and communicating progress
 - Highlighting and showcasing national initiatives
 - Mobilizing political and financial support
 - Identifying opportunities for replication, scaling up and strengthening cooperation

One planet
consume and produce with care

303 reported policies and instruments

Macro-policies with SCP objectives
(national strategies/action plans, new institutions/entities)

Regulatory and legal instruments
(laws, standards, enforcement measures)

Economic and financial instruments
(taxes and tax incentives, grants, preferential loans, etc.)

Voluntary and self-regulation schemes
(sectoral partnerships, codes of conduct, Corporate Social Responsibility initiatives)

Most of what is reported is currently under implementation (75%)

Type of Policy Instruments

Next Reporting Cycle

Next Reporting Cycle

Q4 2019 – Q1 2020

Reporting mechanism

Online Reporting (platform being build)

Reporting responsibility

10YFP National Focal Points

Reporting coordination by NFP

Gather inputs from other ministries working on SCP

One planet
consume and produce with care

Insights from National Focal Points

(28 responding countries)

- **Nearly 40% of the NFPs can dedicate between 10% and 25% of their time** (1/3 can only dedicate less than 10% of their time).

- **Countries sectoral priorities**

- > 75%: Energy and Agriculture / fisheries; > 50%: Waste, Buildings and Construction, Industry; 46%: Tourism

- **Programmes of interest**

- Sustainable Buildings and Construction
- Consumer Information and Sustainable Food Systems
- Sustainable Public Procurement and Sustainable Lifestyles and Education
- Sustainable Tourism

- **What do countries need?**

- Stakeholder engagement and coordination at national level
- Further coordination across ministries, business sector, demand for SCP policies
- Practical cases to demonstrate the benefits of SCP

- **What do NFPs need?**

- Information, trainings and tools (case studies / costs-benefits analysis, national RTBs, communication materials targeted at business sector).

Promoting the SDG12.1.1 pilot reporting results

Our new 5-year strategy

What do we want to achieve?

Mission: To accelerate the shift towards sustainable consumption and production in both developed and developing countries, as an essential strategy and requirement for Sustainable Development.

Vision: The development of societies is driven by consumption and production patterns that are resource efficient, generate economic growth, decent jobs and shared prosperity without degrading the natural environment.

Strategy objective: By 2022, the network is the primary source of support and cohesively leads the shift to sustainable consumption and production patterns

One planet

Objectives

One planet
consume and produce with care

A selection of strategic objectives

- **Support national implementation of SCP-relevant policies** - based on the expertise and resources of the network (priority to national SCP-relevant policies, e.g. NAPs).
- **Recognize the existing work by governments** and organizations in the network, including for dissemination and replication.
- **Ensure coordination of country-level implementation**, through strengthened communication and engagement of NFPs, support of UN agencies and country teams.
- **Engage directly with high-level decision-makers and policymakers** to increase political support to sustainable consumption and production
- **Strengthen the Trust Fund** as a means to implement SDG 12 and the strategy, **engage financial institutions, development banks and development agencies** to mainstream SCP into their financing and lending programmes.
- **Monitor progress** to identify emerging trends, key challenges and gaps.

HLPF 2018
HIGH-LEVEL POLITICAL FORUM 2018
9 - 18 JULY

**HIGH-LEVEL POLITICAL FORUM ON
SUSTAINABLE DEVELOPMENT 2018**

Theme: "Transformation towards sustainable and resilient societies".

Selection of One Planet Network Events at HLPF

Exhibition: [Camp One Planet: SCP Lives Here](#) throughout HLPF from 9 – 18 July at the UN Plaza Exhibition Space

Side Event: [Implementing SDG 12: One Plan for One Planet](#) – 10 July, 18.30 – 20.00 at UNHQ, Conference Room 4

SDGs Learning & Training Workshop: [System thinking and policy planning for SDG 12](#) - 12 July, 10:00-13:00 at UNHQ, Room S2727, 27th floor of the Secretariat B

Ministerial Breakfast: [Achieving SDG 12 with the One Planet network](#) - 17 July, 08:00-09:30 at the Permanent Mission of Germany to the UN, 871 UN Plaza, New York - (Invite only event)

Side Event: [Sustainable Consumption and Production: From Science to Policy Action](#) - 18 July, 09:00-11:00 at the German House, 871-873 United Nations Plaza, New York

And more!

Download the App!

Want to see more information about everything happening at HLPF across the One Planet network? We have it all in one place, thanks to a mobile app, which provides a way for you to see what is happening across the network at HLPF and organize your schedule in real time on your phone or computer.

You can dispense with all of the papers, with the One Planet app you'll have the information you need right in your pocket.

The app can be downloaded for free by searching for '**UN Environment events**' on the [Apple](#) or [Android](#) app stores.

[Quick guide: Downloading the app](#)
